

## PSHE KS3

### *Curriculum Intent*

Our Year 9 PSHE curriculum is designed to support students in developing the personal awareness, emotional intelligence, and social responsibility needed to thrive in a complex and changing world. The curriculum empowers students to reflect on their values, relationships, and goals, while equipping them with the knowledge and skills to make informed, safe, and respectful choices.

We are committed to creating a safe and inclusive environment where every student can explore their identity, challenge stereotypes, and develop a sense of personal and social responsibility. Our aim is to prepare students not only for the challenges of adolescence, but also for life as thoughtful, respectful, and empowered young adults.
